Course Overview

This two-day WSQ course develops the ability to prepare, conduct, close, record and evaluate business negotiations. Ten real-world activities connect concepts to procurement, contracts, partnerships, service recovery and workplace decisions.

Course Code	TGS-2023020567
TSC	ICT-BIN-3105-1 — Business Negotiation
Duration	2 days · 16 hours
Training	14 hours
Assessment	WA 1 hour + Case Study 1 hour
Daily Time	9:00am–6:00pm

Learning Outcomes

- LO1: Identify negotiation outcomes, the context of negotiation and relevant background information required to prepare for negotiation.
- LO2: Apply negotiation techniques during negotiation and record negotiations for post-negotiation evaluation.

Daily Schedule

Day 1 — Prepare the Position and the Team

Time	Minutes	Topic / Activity	Method	Slides

4:00pm–5:00pm	60	Written Assessment (WA-SAQ), 1 hour, open book	Assessment	—
5:00pm–6:00pm	60	Case Study Assessment (CS), 1 hour, open book; assessment digital attendance	Assessment	—

Total training/assessment time excluding lunch: 480 minutes (8.0 hours).

Topic and Activity Breakdown

Topic 1 — Preparation for Negotiation · Slides 20–73

Mapping: K1 · K2 · K3 · A1 · A2 · A3. Outcomes · context · roles · research · BATNA · culture · planning.

Activity 1 — Renew a Critical Ingredient Supply Agreement · Slide 47

Act as the procurement team of a Singapore café group renewing a high-volume oat-milk supply agreement after demand growth and freight volatility.

- Output: A two-page preparation brief approved by the procurement sponsor.
- Acceptance: The brief states an evidence-backed BATNA and reservation point, covers at least five issues, and separates targets from authority limits.

Activity 2 — Create a SaaS Renewal Team Mandate • Slide 52

Prepare an internal team to renegotiate a customer-relationship-management platform used by Sales, Service and Finance.

- Output: A one-page negotiation mandate plus a named role and escalation table.
- Acceptance: Every critical issue has one accountable owner, one decision authority and one escalation route; no participant has conflicting authority.

Activity 3 — Prepare a Commercial Lease Renewal • Slide 57

Represent a retail operator renewing a suburban mall lease where rent, fit-out, operating hours and exit flexibility all affect value.

- Output: A landlord-ready term-sheet proposal supported by a transparent comparison model.
- Acceptance: The proposal compares at least three complete packages on total value and cites adjusted, relevant criteria rather than a single rent number.

Activity 4 — Plan a Singapore-Japan Distribution Partnership • Slide 62

Prepare a Singapore health-food producer to meet a Japanese distributor about territory, forecasts, brand control and launch support.

- Output: A culturally adaptive negotiation plan that clearly separates verified facts from hypotheses.
- Acceptance: The plan contains at least five verification questions, a clear authority path and no unsupported statement that treats culture as destiny.

Activity 5 — Design a Total-Reward Job Offer Negotiation • Slide 67

Represent a growing technology SME hiring a regional operations manager where pay, flexibility, scope and start date have different value to each side.

- Output: Three authorised total-reward packages with rationale, limits and questions.
- Acceptance: All packages remain inside authority, address at least four issues, state objective criteria and avoid discriminatory or intrusive assumptions.

Topic 2 — Negotiation Tactics • Slides 74–131

Mapping: K4 · K5 · K6 · A4 · A5. Opening · listening · anchoring · framing · conflict · concessions · closure · evaluation.

Activity 6 — Anchor and Frame an Agency Retainer • Slide 106

Represent an SME selecting a digital agency while balancing price, scope, performance evidence and launch speed.

- Output: A five-minute opening and a complete commercial package with evidence.
- Acceptance: The opening is ambitious but evidence-backed, covers at least six terms and includes no unconditional concession.

Activity 7 — Recover a Logistics Service Relationship • Slide 111

Renegotiate a logistics service-level agreement after repeated delivery failures while preserving peak-season capacity.

- Output: A structured recovery meeting record and conditional service-improvement agreement.
- Acceptance: The record distinguishes fact from blame, captures both parties' interests and assigns measurable reciprocal actions with owners and dates.

Activity 8 — Break a Construction Variation Impasse • Slide 116

Facilitate a negotiation between a property owner and contractor over cost and schedule impact from an instructed design variation.

- Output: A without-prejudice settlement package and a documented fallback path.
- Acceptance: The recommendation addresses each issue separately, uses at least two defensible criteria and preserves a clear non-agreement path.

Activity 9 — Negotiate a Multi-Party Growth Investment • Slide 121

Represent a founder balancing a lead investor, existing shareholders and key management during a growth funding round.

- Output: A board briefing recommending one of three complete investment packages.
- Acceptance: The board brief covers every material stakeholder, compares three packages and explains why each cited precedent is or is not comparable.

Activity 10 — Run and Debrief a Strategic Sustainability Partnership • Slide 126

Negotiate a partnership between an urban property operator and a clean-energy solutions company to deploy solar and energy-management services across commercial sites.

- Output: A signed provisional term sheet or a documented no-deal decision supported by the BATNA.
- Acceptance: The submission contains a complete negotiation log and executable term sheet or no-deal rationale, with explicit mapping to A1–A5 and all six knowledge areas.

Resources Required

- Trainer slide deck and Learner Guide
- Ten individual activity folders with scenario PDF, mock data, questionnaire and checklist
- Spreadsheet software for package and benchmark analysis
- Internet access for cited course-enrichment sources
- LMS access for courseware and assessment

Assessment

- Written Assessment (WA-SAQ) — 6 open-ended questions, 1 hour, open book; covers K1–K6.
- Case Study Assessment (CS) — 2 integrated open-ended questions, 1 hour, open book; covers A1–A5.
- At least 75% attendance and a Competent result in both assessment instruments are required.
- Assessment block: Day 2, 4:00pm–6:00pm.
- Order: SSG attendance → WA → CS → LMS submission → Assessment Summary Record.
